

# Doctors for A Cause

**“Doctors For A Cause”** is an NGO focused on educating, empowering and enlightening people with the solid foundation of scientific medical knowledge. We believe in spreading goodwill and awareness from educating people about taking care of their health to de-stigmatizing taboo topics like LGBTQ+ and mental health, we aim to make a difference in whatever way we can.

**QUEERTALK**

**RE-MAPPING OUR MINDS**  
Episode 5 - *Academics of Violence*  
This pandemic has definitely been hard on most of us, especially for those who have been forced to stay in their homes, disconnected from their friends, family, and the world around them. But what if we could use this time to help someone in the right way? How would we deal with such a situation? Are you a good listener? What is the right way to connect with someone? Join us as we take you to the final episode of the webinar series to help you become a better listener.  
Date: Sunday, 20th September, 2021  
Time: 8pm - 10pm  
Speaker: Dr. Tirthankar Guha Thakurta

The roots of the organization lay in Kolkata and Chennai, but our branches are spread pan-India and abroad. Students from different places actively engage in DFC's online events and on-ground activities. We have conducted health camps and public health education skits for the population as well as educative master classes, competitions and webinars for students. Under the umbrella of DFC, we have eight task forces- Animal Welfare, Women's Health and Safety, support for the Differently Abled,

Sexual and Reproductive Health, Mental Health, Academics and

Education, support for LGBTQ+ and Public Health. In the past few years, we have organized medical quizzes, game shows, a virtual pride parade, taught Indian Sign Language and engaged with people far and wide to raise empathy and awareness. In the coming years, we hope to grow our family with post graduate residents and non-medical students and together, continue to choose humanity
